Dates of Advocacy or Outreach

**Who, What, Where and How Many:
Examples:**

- **39.4:** Communication with Board of County Commissioners (at times through the county manager) other units of government or private foundations to support public health programs and improvement. This **communication** can be delegated to the health director by the BOH that shows the BOH supports, discussed, and/or approved the communication.
- **40.1: Inform** elected officials and community boards about community health issues to show the BOH is involved and engaged. Can be designated to the health director.
- **41.1:** Take actions **to foster community input** regarding public health input on any health topic.
- **41.3:** Foster **coordination of resources to accomplish public health related goals.** (BOH member on community coalition, steering committee or other.)
- **Examples:** Talked to a civic, government, public or other group about the health department or a local public health issue, supported funding opportunities, fostered input from the community, referred individual(s) to the health department website or provided ICHD brochures to individual(s), encouraged HD partnerships with other agencies, gained input from community regarding a public health issue, or otherwise promoted or advocated for the health department in some way.
